1.2 PAS2035:2023

- Full document available here: [PAS2035:2023](#)
 - Ventilation focus is: “**Annex C**”

2 GOOD PRACTICE DOCS

MNZH “Ventilation BASIC good practice” doc here: [AECL website: MNZH Materials - Ventilation](#)

3 INFORMATION & MATERIALS

3.1 PROFESSIONALS

3.1.1 Podcast

- [Air Quality Matters](#) podcast:

3.1.2 Reference

- Studies
 - Homes meeting Regulations
 - [Ventilation and Indoor Air Quality in New Homes](#): MHCLG 2019
- Technical:
 - Air Flow rates
 - BSRIA [BG 46/2022](#) Domestic Ventilation Systems. A guide to measuring airflow rates (3rd edition) (£45)
- The Retrofit Academy
 - [Ventilation Guide](#): Written pre-new part F and under ‘old’ PAS2035:2019. Scroll down to the select the download button lower down the page.

- Guidance Updates following the death of Awaab Ishak
 - [Damp and mould: understanding and addressing the health risks for rented housing providers](#): MHCLG
- 3.1.3 Videos (for staff)
 - UKCMB (UK Centre for Moisture in Buildings): Moisture Guidance for Existing Householders (7mins)
 - www.youtube.com/watch?v=aBWIXLMnqBk&t=23s
 - RISE
 - [Insulation and Ventilation Masterclass](#): Quite a basic introduction (47:30 long). Ventilation parts are at: 3:45 to 8:40; and from 32:37.
 - The Retrofit Academy
 - [Ventilation Summit](#): (1hr:55mins recording of a TRA summit session) Pre-new part F and under 'old' PAS2035:2019

3.1.4 Training

- Search 'Ventilation Training' or 'Damp Mould Condensation Training'
- [NICEIC Domestic Ventilation](#): 2 Days £420 (+VAT)
 - <https://www.elmhurstenergy.co.uk/product/domestic-ventilation/> version of this course.
- [Level 2 Understanding Damp and Mould in Domestic Dwellings](#): Energy Specifics Training Academy (£275 + VAT). Online course.
- [CIH](#) Introduction to dampness, mould and condensation.

3.2 TENANTS & HOUSEHOLDERS

- User friendly videos
 - UKCMB (UK Centre for Moisture in Buildings): Moisture Guidance for Existing Householders (7mins)
 - www.youtube.com/watch?v=aBWIXLMnqBk&t=23s
- Householder targeted leaflets
 - NEA: Dealing with Damp and Condensation (6 pages)
 - www.nea.org.uk/wp-content/uploads/2021/06/DEALING-WITH-DAMP-AND-CONDENSATION.pdf
 - Other example documents – can be found from the MNZH Materials pages on the AECL website [here](#). Accessible from the Ventilation or Energy Advice pages.
